BID
BLACKTOP RESURFACING - 2015

General Information for Bidders

Sealed bids must be received by 12:00 Noon, Monday, June 29, 2015, at the Wascott Town Hall as stated in the public notice and advertisement for bids. **All bids shall be placed in a sealed envelope and be clearly marked as “2015 Blacktop Resurfacing.”** Bids may be mailed to: Jeannette Atkinson, Clerk/Treasurer, PO Box 159, Wascott, WI 54890.

Bids will be opened prior to the Regular Town Board Meeting on Tuesday, July 7, 2015, at 5:30 p.m. and approval on the award of the contract(s) will be considered at 7:00 pm. Bids may be considered for acceptance for a period of 30 days after the bid opening.

The bid must comply with all material requirements of the bid invitation and specifications. The Town reserves the right to reject any bid determined by the Town to be nonresponsive. The Town reserves the right to reject any or all bids or portions of bids as determined to be in the best interest of the Town of Wascott.

A written notice of award will be given to the successful bidder. The bidder(s) are required to execute the public contract and furnish required certificates of insurance within ten (10) calendar days from the date of the notice of award.

Insurance – Prior to beginning work, the contractor shall furnish and deliver to the Town Clerk a certificate of insurance for worker’s compensation and an umbrella certificate of liability and property insurance in the minimum amount of three million dollars, and shall notify the Town Clerk immediately of any cancellation or change in insurance coverage.

Traffic Control – The contractor will be responsible for all temporary traffic control, including furnishing and maintaining all signs, flags, flag-persons, barricades and lights where required, to protect the safety of the traveling public, all in accordance with the Manual on Uniform Traffic Control Devices (MUTCD) currently adopted by the Federal Highway Administration and the Wisconsin Department of Transportation supplement. All work will be done under traffic unless otherwise directed by the Town.

Payment Schedule - Payment shall be made within 30 days of receipt of a properly completed invoice or receipt and acceptance of the property or service, or in accordance with the payment schedule specified in the public contract. Claims for payment shall be filed with the Town Clerk.

Specifications

1. **DOT standards** – All contracting procedures, work and materials supplied under this proposal shall conform to the Standard Specifications for Highway and Structure Construction, 2003 edition of the Wisconsin Division of Highways, Department of Transportation, and Trans 204, Wis. Admin. Code.
2. **Engineer’s Certificate** – An engineer’s certification stating that the improvement has been designed with a projected life of at least 10 years is required if the total improvement costs on Red Lake Drive (LRIP funded project) are \$65,000 or more.
3. **Contract for Work** – The work shall consist of furnishing all materials, equipment and labor for blacktop resurfacing and wedging. Fire Hill Road from County Road Y is a TRIP funded project.
4. **Surfacing** – Blacktop construction shall conform to Sec. 450 of the WisDOT standard specifications. Mixture design shall conform to the applicable portions of Sec. 460 of the WisDOT standard specifications. The nominal compacted thickness of the blacktop pavement shall be 2 inches. Wedging shall be done as directed by the Town of Wascott after project review with the contractor.
5. **Surface preparation** – Sweeping and surface cleaning shall be done by the paving contractor just ahead of paving and this cleaning shall be considered incidental cost to the paving.
6. **Production** – The contractor shall provide adequate trucks and paving equipment and compaction equipment to assure a continuous paving operation, achieve required in-place density and avoid frequent delays. After the asphalt paving has started, the contractor shall proceed to complete the project at the earliest possible date.
7. **Hot Mix Asphalt Pavement Materials shall be mix type E-1** – The asphalt shall be performance graded PG58-28. The contractor shall provide a current mix design that will be used on the project.
8. **Cold Mix (alternate bid)** – Cold mix asphalt pavement materials shall be MC, SC, or emulsified asphalt conforming where applicable to sec. 455 of DOT standard specifications. The liquid asphalt shall be homogeneous and mixed at a total rate of 5-7% by weight. The exact rate shall be determined by the contractor to assure optimum performance. The bitumen shall be mixed at the appropriate temperature for the particular grade.
9. **Weather Conditions** – Paving shall not be done when the temperature is below 40 degrees F or when rain is imminent.
10. **Patch Work** – must be performed by the contractor prior to blacktopping.
