BID FOR CRACK ROUTING & SEALING – 2017

General Information for Bidders

Sealed bids must be received by 12:00 Noon, Monday, April 10, 2017 at the Wascott Town Hall as stated in the public notice and advertisement for bids. **All bids shall be placed in a sealed envelope and be clearly marked as “2017 Crack Routing & Sealing”.** Bids may be mailed to: Jeannette Atkinson, Clerk/Treasurer, Town of Wascott, PO Box 159, Wascott, WI 54890.

Bids will be opened prior to the Regular Town Board Meeting on Tuesday, April 11, 2017 at 5:30 p.m. and approval on the award of the contract(s) will be considered at 7:00 p.m. Bids may be considered for acceptance for a period of 30 days after the bid opening.

The bid must comply with all material requirements of the bid invitation and specifications. The Town reserves the right to reject any bid determined by the Town to be nonresponsive. The Town reserves the right to reject any or all bids or portions of bids as determined to be in the best interest of the Town of Wascott. The Town maintains the right to determine the number of miles to be performed.

Depending on the costs of the proposed projects and budget limitations, the Town of Wascott may need to eliminate some roads from a final contract. The Town reserves the right to withdraw roads or segments of a roadway prior to bid award.

A written notice of award will be given to the successful bidder. The bidder(s) are required to execute the public contract and furnish required Certificates of Insurance within ten (10) calendar days from the date of the notice of award.

Insurance – Prior to beginning work, the contractor shall furnish and deliver to the Town Clerk, a Certificate of Insurance for Worker’s Compensation and an umbrella certificate of liability and property insurance in the minimum amount of \$3 million dollars, and shall notify the Town Clerk immediately of any cancellations or change in insurance coverage.

Traffic Control – The contractor will be responsible for all temporary traffic control, including furnishing and maintaining all signs, flags, flag-persons, barricades and lights where required, to protect the safety of the traveling public, all in accordance with the Manual on Uniform Traffic Control Devices (MUTCD) currently adopted by the Federal Highway Administration and the Wisconsin Department of Transportation supplement. All work will be done under traffic unless otherwise directed by the Town.

Payment Schedule – Payment shall be made within 30 days of receipt of a properly completed invoice or receipt and acceptance of the property or service, or in accordance with the payment schedule specified in the public contract. Claims for payment shall be filed with the Town Clerk.

SPECIFICATIONS
FOR
CRACK ROUTING & SEALING – 2017

Scope of Work to be Performed

1. The work shall consist of furnishing all materials, equipment and labor for routing, cleaning and sealing of cracks and longitudinal joints in asphalt pavement.
2. Traffic control shall be provided by the contractor to maintain safety and allow access to property during construction. Contractor shall provide all flagging.
3. All cracks and open joints must be routed and blown clean. The road surface shall also be blown clean of routed debris. A heat lance shall be used to dry and clean all cracks before the material is applied. All cracks shall be pressure filled by a wand application from the bottom up. The sealant shall be allowed to cure before opening to traffic. If necessary, the sealant may be dusted with fine sand or covered with tissue paper to prevent tracking.
4. The sealant material must be a BCI Flex Patch (Poly Fiber) or equivalent.
5. The equipment used for routing must be capable of cutting a uniform and consistent reservoir with vertical sides and flat bottom and capable of following straight or random cracks. The air compressor must be designed to prevent oil and water from entering the lines.
6. Payment for crack routing and sealing shall be bid out lump sum per road. This shall be full compensation for routing, cleaning, drying cracks, blotting sealant, removing debris, flagging and furnishing all labor materials, equipment and incidentals necessary to complete the work.
