RESOLUTION # 2003-07

Whereas, Crystal Lake is an important resource used by the public for recreation and enjoyment of natural beauty;

and whereas, a study and examination of the lake will lead to better understanding and will promote the public health, comfort, convenience, necessity and public welfare;

and whereas, we recognize the need for responsible and holistic long-range planning to better manage the lake, its watershed and its use;

and whereas, we are qualified to carry out the responsibilities of the planning project;

Now therefore, be it resolved that, the Town of Wascott requests the funds and assistance available from the Wisconsin Department of Natural Resources under the "Lake Management Planning Program";

Hereby authorizes Gerald Keller to act on behalf of the Town of Wascott to: submit an application to the State of Wisconsin for financial aid for lake planning purposes; sign documents; and take necessary action to undertake, direct, and complete an approved planning grant;

Be it further resolved that, the Town of Wascott will meet the obligations of the planning project, including timely publication of the results, and will meet the in-kind (non-monetary) obligation of the 25% commitment to the planning project cost;

We understand the importance of a continuing management program for Crystal Lake, and intend to proceed on that course.

Dated this fifth day of August, 2003;

Attest: Val Bremanis
Val Bremanis, Clerk, Town of Wascott
