

MAINTENANCE AGREEMENT FOR TOWN BORDER ROADS

Whereas, the Towns of Wascott, Douglas County, and Minong, Washburn County, share two roads on town boundary lines, namely, 1) Little Sand Road and 2) Ernie Swift Road/East Flowage Road/Eagle Point Road, with each town receiving state highway aids covering one-half of the distance of each boundary road;

and Whereas, the two towns wish to clearly assign to each town the specific portions of each road to be maintained by each of them, the State Department of Transportation has apportioned these roads as follows:

- 1) Little Sand Road, starting from S. Flowage Road/Island View Road, and proceeding west:
Wascott: the first 1.24 miles
Minong: the next 1.24 miles
Wascott: the next 1.05 miles, this portion being totally within Wascott
Wascott: the next .78 miles
Minong: the next .78 miles, up to Town Line Road/County Line Road
- 2) Ernie Swift Road/East Flowage Road/Eagle Point Road, starting from Smith Bridge Road, and proceeding west:
Wascott: the first .48 miles
Minong: the next .48 miles, up to where the road turns directly north; after that point, Eagle Point Road is totally within Wascott;

and Whereas, there are 26 current residences on Eagle Point Road, all of which are located within the Town of Wascott and because of this, the Town of Wascott has a great interest in the continued maintenance and improvement of Eagle Point Road and East Flowage Road.

Therefore, the Town of Wascott will take over the maintenance and improvement of the .48 mile segment of East Flowage Road/Ernie Swift Road/Eagle Point Road currently assigned to the Town of Minong, and the Town of Minong will take over the maintenance and improvement of .48 miles of Little Sand Road currently assigned to the Town of Wascott;

And Therefore, it is mutually agreed by the parties that the maintenance of the segments of these roads be assigned as follows:

- 1) Little Sand Road, starting from S. Flowage Road/Island View Road, and proceeding west:
Minong will maintain the first two miles up to Three Mile Road.
Wascott will maintain the road starting from Three Mile Road up to a point .48 miles east of Town Line Road/County Line Road.
Minong will maintain .48 miles from this point up to Town Line Road/County Line Road.
- 2) Ernie Swift Road/East Flowage Road/Eagle Point Road, starting from Smith Bridge Road, and proceeding west:
Wascott will maintain the entire road.
